PROFILE

Hello! As a graduating Information Systems student, I am excited to apply my technical skills to a practical setting. At this time, I am searching for an internship opportunity that will offer me the chance to gain first-hand experience. I look forward to connecting with you in the near future.

OBJECTIVE

Dedicated and hardworking individual passionate about software development, specifically Mobile development. I'm excited to learn from experts and help the company succeed.

PROJECTS

○ **personal web portfolio**
VS code

I have experience creating visually appealing and user-friendly websites using HTML, CSS, and JavaScript. My websites are responsive and have a modern and attractive design.
Please click HERE to view my work.

○ **mybookTicketApp**
Android Studio

I developed a mobile app using Flutter that provides a seamless user experience on any mobile device. The app allows users to book flights and hotels through an interactive interface.
Please click HERE to view my work.

○ **Myfurniture**
Android Studio

I designed and developed an e-commerce mobile app using Flutter. has a responsive and user-friendly interface. I created this app to learn more about state management, specifically providers.
